

## The 10-point cyber risk check every CEO should answer.

Ten questions. Answer honestly — your score tells you where you stand and whether it's time to get a second opinion from a vetted cybersecurity provider.

<b>01</b>	<b>RANSOMWARE PREPAREDNESS</b> If ransomware locked every system tomorrow, do you know how many hours your business could keep operating?	<input type="checkbox"/> YES
<b>02</b>	<b>BACKUPS &amp; RECOVERY</b> Have you tested restoring from backup end-to-end in the last 90 days — not just confirmed backups are running?	<input type="checkbox"/> YES
<b>03</b>	<b>CYBER INSURANCE</b> Have you reviewed your cyber insurance application in the last 12 months to confirm the controls you attested to are actually in place?	<input type="checkbox"/> YES
<b>04</b>	<b>ENDPOINT &amp; IDENTITY</b> Is multi-factor authentication enforced on every account — including executives, admins, and shared or service accounts?	<input type="checkbox"/> YES
<b>05</b>	<b>MICROSOFT 365</b> Do you know exactly who holds admin privileges in your Microsoft 365 tenant, and has that list been reviewed in the last 6 months?	<input type="checkbox"/> YES
<b>06</b>	<b>ENDPOINT &amp; IDENTITY</b> Can someone on your team tell you, within an hour, every device currently connected to your network?	<input type="checkbox"/> YES
<b>07</b>	<b>ENDPOINT &amp; IDENTITY</b> When an employee or contractor leaves, can you confirm their access to every system is revoked within 24 hours?	<input type="checkbox"/> YES
<b>08</b>	<b>VENDOR &amp; THIRD-PARTY</b> Do you have a current list of every third-party vendor with access to your data, and the last time each one's security was reviewed?	<input type="checkbox"/> YES
<b>09</b>	<b>INCIDENT RESPONSE</b> If you discovered a breach at 6pm Friday, do you know who to call — internally, externally, and at your insurer — in the first 60 minutes?	<input type="checkbox"/> YES
<b>10</b>	<b>EXECUTIVE OVERSIGHT</b> Could you brief your board on your top 3 cybersecurity risks, with the specific controls mitigating each one?	<input type="checkbox"/> YES

### HOW TO READ YOUR SCORE

● **9-10 YES**

**Strong posture**

A vetted second opinion can still surface blind spots.

● **6-8 YES**

**Likely gaps**

Real exposure exists. An assessment usually pays for itself.

● **5 OR FEWER**

**Act now**

You're carrying meaningful risk every day. Don't wait.

**Found a few gaps? That's exactly why this exists.**

Book a quick strategy call. We'll match you with a vetted cybersecurity MSP who delivers the assessment. No pressure. You keep full control.
